

It's the perfect blend of beauty and practicality.

—Sarah Yada Seto

Invest in Yourself

Naturally, at Uptown2 you'll get all the luxurious features you've come to expect from Bosa Properties: marble backsplashes, integrated cabinetry, custom closet organizers, and full-sized European-style appliances. "But thanks to Bosa's long history of expertise, these homes are affordable too," Sarah says. "It's the perfect blend of beauty and practicality."

And here's a bonus: multiple studies suggest homes built near a SkyTrain typically have higher resale value than homes in other locations.

Get Fit

When you're ready to get serious about health, Uptown2 has what it takes to satisfy. Right on site will be a 2,135-square-foot Wellness Pavilion with yoga studio and fully equipped gym. After your workout, take your pick between the infrared sauna or steam room, relax, and let the day melt away.

Uptown2's presentation centre and display suite are located directly opposite the site at 581 Clarke Road in West Coquitlam and open noon to 5 p.m. daily. Floorplans range from one- to three-bedroom homes with prices starting at \$284,900.

UPTOWN2

Upscale in West Coquitlam By Susan M Boyce

Get ready to look up... as in way up. Why? Because Uptown2 is coming out of the ground, and you'd better believe this elegantly appointed 30-storey highrise has a lot of folks excited.

"Uptown's first tower sold very quickly," says Sarah Yada Seto, Bosa Properties' marketing director. "And Uptown2 is definitely following the same trend. People who missed out on the first homes see the value and aren't about to miss out again."

Connect with Your World

"Buyers love Uptown2's West Coquitlam location because it's right on the Burnaby border so it's easy to get everywhere, yet it's very quiet," Sarah says. Even better, she adds, now that the Evergreen Line is well under construction, people are truly beginning to understand just

how connected Uptown2 will be to everywhere. "You're barely a block from the new Burquitlam SkyTrain Station, walking distance to several parks, Lougheed Town Centre is just down the road, and it's a short, easy drive or bus ride to three higher education facilities: SFU, Douglas College, and BCIT."

Sarah's also thrilled to announce that a brand new, 50,000-square-foot major chain grocery will be as close as an elevator ride from your front door. "This is so much more than having a convenience store where you can grab milk and bread," she says enthusiastically. "Right on the ground level of your building, you'll be able to find everything from local, organic produce and fresh flowers to specialty foods from around the world. We're excited to bring this great amenity to the neighbourhood."
